High-impact open access journals

UOC
Universitat Oberta de Catalunya

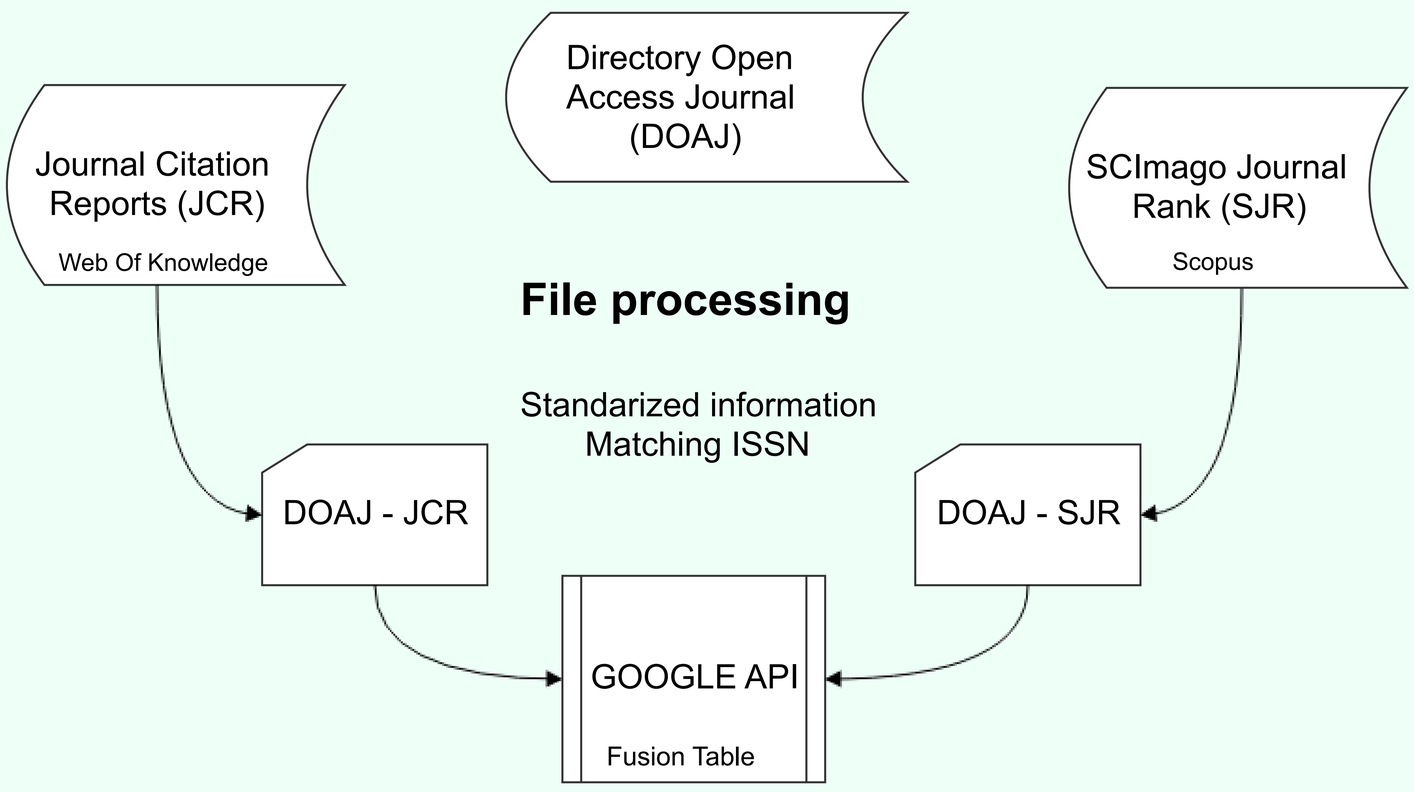
Publishing in open access journals is compatible with publishing in high-impact journals.

I need to publish in journals with impact-factor, to highlight the quality of my research.

I must publish my research in open access ( ).

I want to provide “free” access to my research.

Process

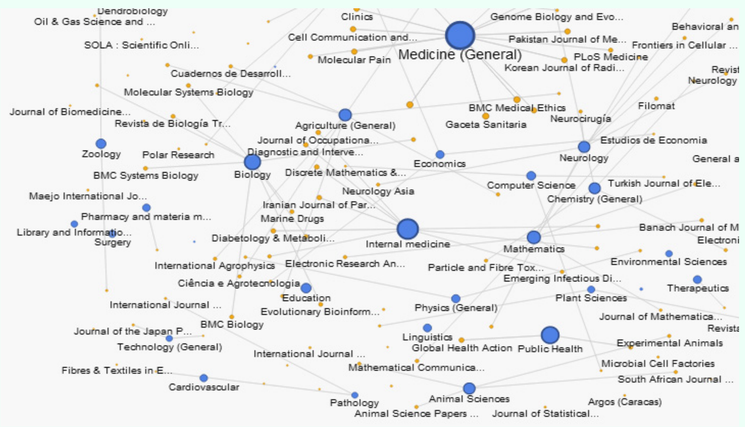


Result

Visualization:

- Publishers geolocation

- Subjects of journals



Provide:

- List of open access journals on Scopus.
- List of open access journals on Web of Science, both for JCR Social Science and JCR Science.

Allow:

- Download the raw data in different formats: txt, xls, Google Drive.

Tool:

http://labs.biblioteca.uoc.edu/test/doaj/

Poster presented at the LIBER 43rd Annual Conference. Riga, July 2014.

Authors: **Mari Vállez** Virtual Library, UOC
Gerard Pagès i Camps Virtual Library, UOC
