**LETTERBOXING**

RESEARCH + RUBBER STAMP ARTISTRY + HIKING

"Clues, usually posted on a web site, lead to the secret location of a hidden ‘letterbox’. Inside the letterbox are a unique rubber stamp and a logbook. When the letterbox is found, the finder stamps the box’s logbook with his or her personal stamp, leaving a record of the discovery. Then the finder stamps his or her own personal logbook with the box’s stamp, creating a passport-like collection of hand-carved stamps. The letterbox is secreted away again for another searcher to uncover."
