What is Open Access?

- Scholarly material that is freely accessible online, chiefly journal content
- No toll barriers (subscriptions, pay-per-view)
- Drivers behind Open Access:
  - Greater access to research information
  - Greater access to taxpayer-funded research
  - Greater (citation) impact
  - Increased author control
  - Journal subscription costs
- The two “roads/routes/arms” of Open Access:
  - “green” - Open Access repositories (OAR)
  - “gold” - Open Access publishing
What is the Open Access Authors Fund?

- The Open Access Authors Fund is designed to pay the fees charged by some publishers for articles to be published in Open Access journals by University of Calgary authors.
Setting up the Fund

- BMC membership change ($5,000 to $50,000)
- Growth of other submission fees OA publishing programs (fully OA publishers, “hybrid” programs)
- Increasing knowledge and discussion of OA
- Unequal access among authors to money to pay submission fees
- June 2008 start, in conjunction with ALA and SPARC meetings
- $100,000 CAN
Criteria – for Authors

- Who is eligible?
- Faculty, staff, graduate students, postdoctoral researchers
- No undergraduate students, no adjuncts (for now)
Criteria – for Journals

- Fully Open Access journals e.g. BMC, PLoS, Hindawi, some others
- “Hybrid” Open Access journals where subscription costs are lowered in response to the take-up of the OA program e.g. OUP, AIP (others?)
Other Criteria

- No limits to the number of submissions or costs
- Other fees (e.g. illustration, colour, page charges) are not covered
- Articles only (for now)
- Authors have to exhaust other funding before applying to the Fund

Author options:
- Put article in institutional repository
- Use article in promotion of the Fund
The Fund in Action

- Operating since September 2008
- 45 official submissions
- Most authors from biomedical fields
- 3 rejections, 1 withdrawal, 39 approved, rest are pending
The Fund in Action (cont.)

- About $62,350 CAN in payments so far
- Average payment: $1598 CAN
- Range of payments: $200-$3146 CAN
- Some prepayments and memberships e.g. BMC, PLoS, Hindawi
- Reimbursed authors back to April 1, 2008
- 1st in Canada, 6th in the world
Some Issues

- Are we being too generous?
- Are we being taken advantage of?
- Are we paying more than if we just had individual subscriptions?
- The Fund vs. the economic situation
The Future of the Fund

- More advertising, promotion
- More presentations to and talks with U of C departments and faculties and elsewhere
- Advisory group
- Evaluation after first year
