

Faculty Briefing/Education Surrounding Open Access

Canadian Research Knowledge Network (CRKN) Annual
General Meeting 2014

What We've Done At UCalgary

- Have used OA-related programs and services as tools
- Libraries and Cultural Resources is a campus source for scholarly communication expertise
- The “usual stuff” e.g. celebrate OA Week, presentations to departments and faculties, etc.
- Not much systematic promotion

What Seems To Work

- Inquiries are connected to a particular need, a small part of OA – education can come out of this
- Open Access acceptance=quitting smoking

A Few Other Thoughts

- Combat the myths
- It takes time
- OA is not new
- OA knowledge *is* increasing

Your Speaker – Was...

Andrew Waller
Licensing and Negotiation Librarian
Open Access Librarian
Libraries and Cultural Resources
