

WHY Library?

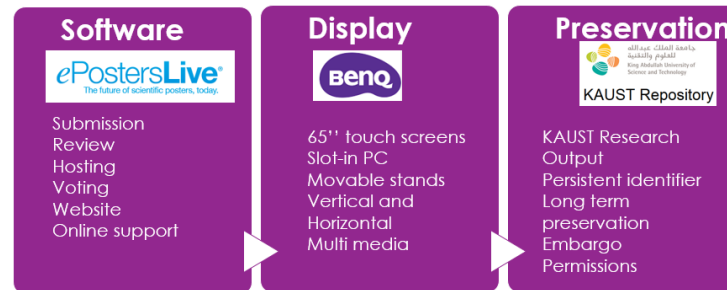

- Library space as a service
- Digital preservation and curation
- Upskilling students in digital scholarship
- Leading the Digital Campus concept

KAUST Library ePoster Service: Digital Transformation in Poster Sessions

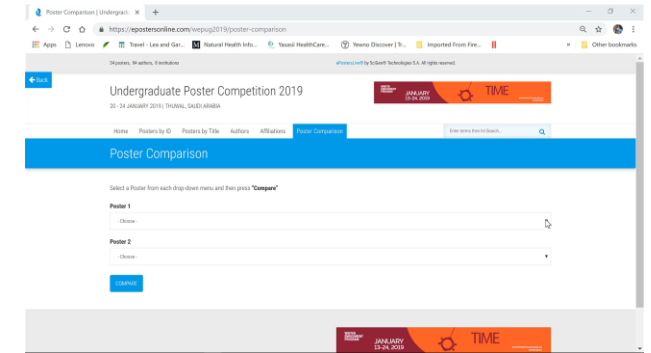

architecture

Key drivers

- 4K display essential
- Backup plans vital (e.g. internet outage)
- Ease of use/ student reaction
- Linkage to archive and preservation supporting OA
- Touchscreens with zoom & multimedia functionality; hyperlinking
- Split-screen' development

Challenges

- No models were available to follow.
- Systems need to accommodate our preservation requirements; extensive evaluation piloting.
- Buy in from academics for this change
- Implement different modules; undertake developments to accommodate user demands, as they start using.
- Manage service issues – staff skills and availability
