

Welcome All  
to the Third Workshop on the  
Open Archives Initiative

This year's title is:

Implementing the benefits of  
OAI

# The richest OAI event ever seen!

- 4 tutorials
- 19 highly qualified speakers
- 7 breakout sessions
- A Workshop closing panel of specialists
- And an outstanding audience: **more than 170 participants, among the most qualified people in the OAI landscape**

# A thick Welcome Package

- OSI's Guide to Institutional Repository Software
- SPARC: Create Change brochure, membership form
- JISC FAIR Programme guide
- Local information: CERN and Geneva
- Workshop information: agenda, lists of participants, etc.

# Thanks!

- To our sponsors  
(in alphabetical order)

- JISC

- OSI

- SPARC and SPARC Europe

- More details on their activities and programmes on the Workshop Web home page and inside the Welcome Package

# A carefully prepared agenda

- Speakers are invited to keep 2-3 minutes free at the end of their presentation to leave room for questions
- Participants are invited to seat where microphones are available (first part of the amphitheatre)
  - To activate the micro press the button and talk, then press the button again to release the micro

# Registration buttons

- If you have a green small button on your badge you have paid your registration fee
- If you have a blue button you are a speaker or/and a Workshop organiser
- If you have a yellow button on your badge card you are a CERN Library team member
- If you have no coloured button on your registration card, you forgot to pay your fee and you should go and see Lamia, she is waiting for you!

# Some additional practical information (1)

- The Workshop will be webcast, 10 minutes after the end of each presentation a clickable link will appear next to the agenda item concerned, it will be the link to the webcasting file
- This file, together with the speaker's slides (except Jean-Claude's), will remain permanently available on CERN Web site

# Some additional practical information (2)

- Wireless internet access is available in this conference room, the surrounding corridors, the Library reading rooms and the conference rooms A and B.
  - This is not a good reason to connect and work on your mail during the workshop sessions
- Lamia still has some (few) Swiss AC plug adapters
- Lamia is also available to call a taxi, taxis are supposed to enter CERN site (attention to the meeting point)

# Some additional practical information (3)

- To use the Library X terminals to read email via the Web
  - Please see full instruction printed in your Welcome Pack

# Some additional practical information (4)

- CERN Hostel
  - To avoid complications please pay for your room at the hostel reception before 18:00 on Friday
  - Hostel reception open 8:00 - 18:00 (closed Saturday/Sunday)
- Toilets
  - Located just outside the amphitheatre and down the stairs next to the canteen entrance

# If help needed

- Ask Joanne or Lamia or any of the yellow button holders
- The Library desk is staffed 8:30-19:00 weekdays for further help
- **VERY IMPORTANT: if you go outside remember your badge to gain entry again!!**
